A SOAP note, or a subjective, objective, assessment, and plan note, contains information about a patient that can be passed on to other healthcare professionals. To write a SOAP note, start with a section that outlines the patient's symptoms and medical history, which will be the subjective portion of the note. After that section, record the patient's vital signs and anything you gather from a

The "Perfect" SOAP Note: A Chiropractic Holy Grail

The most common question in this regard was an interesting variation of the quest for the chiropractic Holy Grail: the "perfect SOAP note." Much like the Holy Grail of Arthurian legend, the assumption by many DCs is that such an instrument, example or software program (if it exists) would make the chiropractor invincible from all documentation
