[Environmental Education - Ontario](#)

Environmental education teaches students about how the planet's physical and biological systems work, and how we can create a more sustainable future. For a full definition of environmental education, see the policy document [Acting Today, Shaping Tomorrow](#). Environmental education uses environmental

[What is Environmental Education? | US EPA](#)

Environmental education is a process that allows individuals to explore environmental issues, engage in problem solving, and take action to improve the environment. As a result, individuals develop a deeper understanding of environmental issues and have the skills to make informed and responsible decisions.

[Environmental Education Programs - TVDSB](#)

We strive to be an active leader and corporate model for environmental sustainability, the concept that requires that human activity only uses nature's resources at a rate at which they can be replenished naturally.

[Environmental Education | Hamilton Conservation Authority](#)

The Hamilton Conservation Authority offers a variety of outdoor environmental education programs for both elementary and secondary school students. The focus of all is to provide students with hands-on outdoor environmental education experiences that meet overall student learning expectations as found in the Ministry of Education modules. Programs are available on either a full or half-day basis.

[Environmental education - Wikipedia](#)

Environmental education (EE) refers to organized efforts to teach how natural environments function, and particularly, how human beings can manage behavior and ecosystems to live sustainably.

[What is Environmental Education? | AAEE](#)

What is Environmental Education? You are EE!

Environmental education (EE) is an organized effort to empower people and communities to work together towards a more sustainable future through education about how the natural environment functions, and how humans can manage their behavior to live sustainably.

[Environmental Education Community | abeev.org](#)

[Environmental Learning - Province of British Columbia](#)

The Environmental Learning & Experience Curriculum Maps (PDF) Celebrate Being Green BC Green Games is a province-wide competition for K-12 students designed to motivate action, share green stories, and reward and celebrate the green efforts of schools in BC.

Environmental Education - Definition, theory, research ...

Environmental education research has found that to provide immediate and lasting benefits, there needs to be a whole-school commitment to planning and integration, rather than relying on one or two enthusiastic teachers to drive environmental change (New Zealand Council for Educational Research and Waikato University, 2004).

Top 10 Benefits of Environmental Education - Project ...

Top 10 Benefits of Environmental Education
Environmental education (EE) connects us to the world around us, teaching us about both natural and built environments. EE raises awareness of issues impacting the environment upon which we all depend, as well as actions we can take to improve and sustain it.

Environmental education, careers and resources | Alberta.ca

Alberta K-12 students are invited to develop a school-based project to address climate change or other environmental concerns.
