[Mapping Equity and Quality in Mathematics Education | Bill ...](#)

Mapping Equity and Quality in Mathematics Education is broken into four parts. Section 1 addresses the constructs of equity and quality from a variety of theoretical perspectives and outlines new directions to approach the question, What are equity and quality? Section 2 discusses the complexities in which the discourses of equity and quality move in constant construction and recontextualisation from societal trends to the constitution of subjectivities, passing through policy, the (PDF) Mapping Equity and Quality in Mathematics Education
