Please provide us more information: 1) Mention the type of email accounts configured in Outlook (POP3, IMAP, Exchange ActiveSync (EAS) or Exchange Server

How to Fix Please Wait While Windows Configures Microsoft ...

The dreaded Please wait while Windows configures Microsoft Office message can be a real drag, but fortunately there are fixes available. The most frustrating part of this particular issue is that it's so difficult to diagnose exactly what the problem is.

Please wait while Windows configures Microsoft Office message

If every time you open Microsoft Office 2013, Microsoft Office 2010, Outlook 2010 or any application, you receive the following message: Please wait while Windows configures Microsoft Office and

Please wait while windows configures office professional ...

If Pro Plus, how did you get it, it is a VERY limited distribution office bundle. One work around is to start Outlook running as administrator. Let the configuration happen, then shutdown Outlook normally then restart windows to see if the fix is permanent.

"Please wait while Windows configures Microsoft Office 64 ...

There is some junk in Program Files > Microsoft Office > Office 15, but I'm assuming they're just helper files - non of the main apps are there. At this point we are thinking we will add the windows search service, get rid of the pop-ups, and find out how to get search to work in Contacts. Thanks for your input.

Please wait while Windows configures Microsoft Office ...

I just installed Office 2010 and each time when I start Outlook I get an installer dialog saying: "Please wait while Windows configures Microsoft Office Professional Plus 2010" It finishes this process and then Outlook starts normally but when I restart Outlook, this process starts all over again. None of the other Office applications trigger Windows is trying to configure Visio upon Application Start-up

When launching Visio, the application will pause while displaying "Please wait while Windows configures Microsoft Visio". When the configuration is complete, and the application is closed and re-opened, the same message appears again.

Microsoft Office 2010 Professional Plus configures each ...

Please wait while windows configures Microsoft Office Professional Plus 2010. Resolution To resolve this issue, use one or more of the following methods in the order in which they appear in:
