STARCOS 3,3 Passport Edition Version 2 - Common Criteria

Certification of a product is carried out on the instigation of the vendor or a distributor, hereinafter called the sponsor. A part of the procedure is the technical examination (evaluation) of the product according to US9717276B2 - Aerosol delivery device including a positive ...

The present disclosure relates to aerosol delivery devices.

The aerosol delivery devices include mechanisms configured to deliver an aerosol precursor composition from a reservoir to an atomizer including a heating element to produce a vapor. An actuator may displace a rod to dispense the aerosol precursor composition to the atomizer.

**US20140060555A1 - Single-use connector and cartridge for a ...**

The present disclosure relates to connectors that may be employed in cartridges for smoking articles. The connectors may include a single-use mechanism that may include a blocking pin, a biasing mechanism, and a release mechanism. The release mechanism may hold the blocking pin in a partially retracted position in which the blocking pin is at
