[The Set-Up-To-Fail Syndrome Harvard Business Review](#). Posted on 2013-09-12 by efficientminds. Two questions came to mind as I read this article. 1. How do you determine how much of an employee's failure is the responsibility of the employee and how much is due to the manager? The article does not address that question. 2. Is this article part of the broader movement to coddle and entitle

The Set-Up-To-Fail Syndrome When discussing poor performance in the workplace, it is generally assumed that the employee in question is responsible for the low performance levels. However, Manzone and Barsoux (2002) believe that this is not always the case and it is possible the poor performance is being driven by the actions of the individual's manager.
